

COVERINGS 2008
APRIL 29 - MAY 2

COME JOIN US AT BOOTH # 777

We are very excited to attend this year's Coverings trade show in Orlando, Florida. It has been a very exciting year for us at Diamond Productions Canada. We have launched over dozen of new products into the marketplace and developed some innovative solutions for floor preparation and countertop fabrication. Be sure to stop by our booth to see the latest products and talk with our knowledgeable sales team.

Polishing pads designed specifically for Engineered Stones.

New metals for terrazzo and concrete floors!

New floor plates for concrete with premium, high quality segments!

New CNC profiling tools that guarantee an increase in efficiency.

New ultra-thin blades for porcelain tiles.
